

The Ninety-Nines, Inc.
International Organization of Women Pilots
Greater Kansas City Chapter

Student Pilot Membership

The Ninety-Nines promotes student pilots in our Student Pilot Member Program. We would like to encourage more student pilots to join the International Ninety-Nines as Student Pilot Members:

- The New Pilot Award is the award given to Student Pilot members of The 99s with a need for financial assistance to become licensed pilots. We've expanded the scope of this award to provide up to \$1500 toward completion of the Recreational Pilot, Sport Pilot or Private Pilot certificate, or non-U.S. equivalent, in any aircraft.
- Your Student Pilot membership begins the one-year waiting period to apply for an Amelia Earhart Career Scholarship.
- As a Student Pilot member, you can utilize our resources for career pilots including our Pro 99s Email Network and Professional Pilot Leadership Initiative (PPLI).
- As a Student Pilot member, you can utilize our 99s Flight Training Forum, an email discussion forum where members can discuss all aspects of flight training.
- As a Student Pilot member, you can participate in The 99s Email Network: This email network provides a means for 99s to discuss varied topics -- flying, chapter/section innovations and ideas, networking and mentoring, being a 99 and more.
- As a Student Pilot member, you receive The 99s Membership Directory on CD-ROM: Find women pilot friends worldwide in our directory, also available in hardcopy (\$15 charge) and online.
- As a Student Pilot member, you receive the 99s News Magazine and access to the Members Area on our website: ninety-nines.org. These are two sources of news about women pilots and our activities around the world.
- As a Student Pilot member, you are covered by The Ninety-Nines, Inc. insurance at all Ninety- Nines, Inc. sponsored activities. This includes activities at the Chapter, Section and International levels.
- Most importantly, as a Student Pilot member, you are in the company of friends. You receive understanding, encouragement and strength. You can participate in 99s sponsored flying activities, aviation education, and community service.

So --- as a student pilot, join the International Ninety-Nines as an Student Pilot member (a current student pilot certificate or equivalent pilot certificate issued by the appropriate government authority is required and Student Pilot members must be affiliated with a chapter). Reap the benefits of belonging to the oldest international aviation organization and enjoy the camaraderie of other women pilots.
